

Taking Care Of Details

Shirts, collars, ties, socks, garters and handkerchiefs are of minor importance but men require them, that's why we have them.

Our Variety of these things is chosen with the same care with which we choose our Suits, Overcoats, and Hats, because our policy is "the best in everything men wear."

We will serve you to these items just as courteously and conscientiously as if you were selecting a Clothcraft Suit or Topcoat.

PAINT PAINT

This is the time of the year to renovate, clean up, and brighten up the outside aspect of your buildings.

(I) For the general good of your magnificent community we ask you, "Can you afford to let your buildings go year after year unpainted?"

(II) If you wish to sell your property, you must PAINT. It will double the appearance and sale price.

(III) If you intend staying on where you are, PAINT is the most economical and beautiful necessity you can purchase.

(IV) There is no use trying to dodge this important essentiality. You have got to protect your buildings else the sun and winds are going to raise havoc with the siding. The nails are going to rust off—the surface around the nails will rot and then—well, it means new siding in a few years.

(V) Think it over—Give this a second thought—then come in and let us submit color cards and prices.

TOLEDO MAN EXPECTED TO DIE

D. L. Bower, treasurer and manager of the New Overland Real Estate Exchange at Toledo, thought death was close upon him. He suffered from derangement of the stomach and digestive tract and his condition was highly discouraging.

He took Mayr's Wonderful Remedy. Then he cheered up and went to eating. He had new interest in life.

J. W. Wood, Mr. Bower's partner, wrote:

"This remedy is surely one of the greatest medicines I ever heard of. My partner spent \$2,000 with renowned doctors in trying to get relief. He gave himself until about the 20th of September to live. He has taken three doses of your remedy. Now he can eat and sleep without any distress."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfied, your money will be returned.

GRANGERBURG

Regular services at the M. E. church every Lord's day at 10:30 and 7:30; S. S., 11:30; midweek prayermeeting, Thursday, 7:30 p. m.

Next Lord's day the bimonthly stereopticon service on the life and parables of Christ at 7:30 will take place of the evening sermon. Dr. Menke, pastor.

Mrs. Sherman Ganyard has been able to leave the hospital and is occupying a private room on Washington street in Akron. Granger folks are anxious to welcome her home again. Mr. Ganyard spent Sunday in her company.

Another case of auto fever has been reported; our neighbor Edgington is the latest victim.

Granger High was represented by Geo. Ganyard and Miss Myra Hodinott, the eighth grade by Millicent Coddling and Lucille Case at the Medina County Spelling Contest; Granger made a very creditable showing.

Geo. Wait, Frank Arrill, Miss Freida McMillan and Miss Pauline Edgington were sight-seeing in Akron last Saturday.

Commencement exercises at the high school building on May 5.

We are assured by the school board that the next term of school will be a longer term than the one closing on Friday April 23. We hope this will be so, for a long vacation does not help the average scholar in his school work.

As soon as the boys of the Y. M. C. A. can get a lease from the school board for the basement of the proposed addition to the school building, they will begin work on the foundation. It is proposed to use the basement for a gymnasium and headquarters of the township Y. M. C. A.

The faculty of Granger centralized school has given the very best of satisfaction the last term of school; we hope to continue the same for the coming year, with the exception of Prof. Schneck, who will attend the Wooster university. Granger will miss him, as he has been a great help to the young people of the town. We bid him good speed in his larger sphere of work.

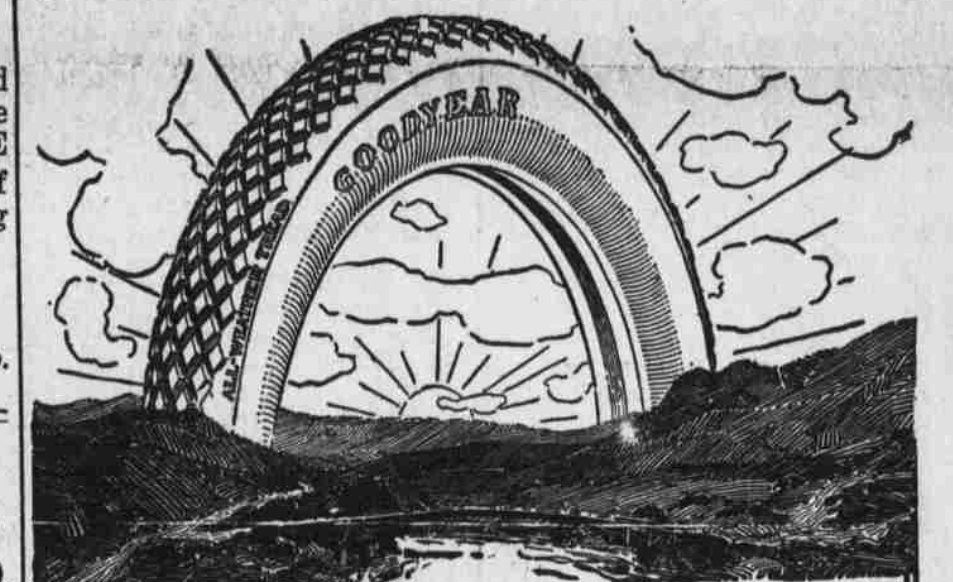

The busiest man in town just now is Geo. Wait, practicing with his new Reo. When you hear him tooting, make for shelter; self preservation is the first law of nature.

The McMillan family of Medina spent Sunday in the burg.

Wm. and Mrs. Hauck and Rev. and Mrs. Mente made up a pleasant auto party several days last week, seeing the country. All report a good time.

The Y. M. C. A. boys will give a banquet for the benefit of its members on May 4, at the Grange hall in the burg. This is going to be the swell event of the year.

Wm. and Mrs. Hauck and Rev. and Mrs. Mente autoted to the country home of Henry Ebert, in South Sharon last Saturday, where they were very pleasantly entertained for dinner.

Fortified Tires Now in the Light

The supreme test of a tire is to hold top place—the place in the sun—and for years. Goodyear tires have done that. Long they have led, both in sales and prestige.

Men expect much of the top place tire. They look for a super-tire in it. Any seeming fault, due to mishap or misuse, becomes a defect in this glare.

But Goodyear Fortified Tires, after years in this light, hold higher place than ever. Last year men bought 1,479,883 Goodyears of the pleasure-car type alone. That's about one tire for every car in use.

Isn't best average service, as proved by Goodyear supremacy, the right way to judge a tire?

Lower Prices

On February 1 Goodyear made the third big price reduction in two years. The three total 45%.

Yet the tires are constantly bettered. In five costly ways—each exclusive to Goodyear—our Fortified Tires excel any other tire built. And each is a great trouble-saver.

They mean for you tire content. They mean most for your money, because of our matchless output. For your own sake, try them. The following Goodyear Service Stations will supply you:

Who Is Wrong?

Is it the Goodyear user, whose choice is confirmed by some 400,000 others? Or is it the man who still assumes that another tire is better?
